

BUSINESS PROGRAMS

ELIGIBILITY

Lighting Incentive Program—Electric

Provides cash incentives to businesses that install energy-efficient lighting equipment. This program includes fixed incentives for common upgrades. For energy-efficient measures not included, please see the Custom Program.

*Ameren Illinois Utilities electric customers on Delivery Service Rate DS-2, DS-3, DS-4, or DS-5

Refrigeration Incentive Program—Electric

Provides cash incentives to businesses that install energy-efficient refrigeration equipment. This program includes fixed incentives for common upgrades. For energy-efficient measures not included, please see the Custom Program.

*Ameren Illinois Utilities electric customers on Delivery Service Rate DS-2, DS-3, DS-4, or DS-5

Motor System Incentive Program—Electric

Provides cash incentives to businesses that install energy-efficient motors. This program includes fixed incentives for common upgrades. For energy-efficient measures not included, please see the Custom Program.

*Ameren Illinois Utilities electric customers on Delivery Service Rate DS-2, DS-3, DS-4, or DS-5

HVAC System Incentive Program—Electric

Provides cash incentives to businesses that install energy-efficient HVAC electrical equipment. This program includes fixed incentives for common upgrades. For energy-efficient measures not included, please see the Custom Program.

*Ameren Illinois Utilities electric customers on Delivery Service Rate DS-2, DS-3, DS-4, or DS-5

Custom Incentive Program—Electric

The Custom program provides incentives for energy-efficient electrical measures not included in the Lighting, Refrigeration, Motor or HVAC Incentive Programs such as compressed air upgrades, exterior lighting, process improvements, VFDs for non-HVAC applications, and building automation systems.

*Ameren Illinois Utilities electric customers on Delivery Service Rate DS-2, DS-3, DS-4, or DS-5

Small Business Online Store—Electric

Allows small business owners to purchase CFLs, LED exit signs, and motion sensors at greatly discounted costs.

*Ameren Illinois Utilities small business electric customers on Delivery Service Rate DS-2

Small Business Commercial Kitchens—Gas

The Green Pre-rinse Nozzle program provides and installs free low-flow pre-rinse spray nozzles in order to save hot water and reduce the demand on the water heater—and therefore reduce gas energy usage and costs.

*Ameren Illinois Utilities small business gas customers on Delivery Service Rate GDS-2

Small Business HVAC—Gas Heating Tune-Up or Replacement

Provides cash incentives to Small Businesses that perform tune-ups on gas heating equipment, or install energy efficient gas boilers or furnaces.

*Ameren Illinois Utilities small business gas customers on Delivery Service Rate GDS-2

Multifamily Properties

Free upgrades to units (shower heads, CFLs, faucet aerators, pipe insulation) or incentives for lighting in common areas.

Call for details 866-838-6918

Retro Commissioning—Electric

Provide cash incentives to enhance your building's energy efficiency through the tune-up of existing equipment and systems. The target groups are compressed air systems for manufacturing/industrial facilities and healthcare facilities that are 100,000 sq ft or larger.

*Ameren Illinois Utilities electric customers on Delivery Service Rate DS-2, DS-3, or DS-4

E-Smart™ Programmable Thermostat—Electric

The E-Smart™ thermostat program includes free installation of a free programmable thermostat. This thermostat allows a business to change its room temperature settings via the internet, and Ameren Illinois Utilities to cycle the central AC unit during specified periods during the summer.

*Ameren Illinois Utilities business customers on the following electric SUPPLY rates BGS-2, BGS-3, RTP-2, or RTP-3 (demands less than 400 kW)
