

Standard Cash Incentives – Grocery/Convenience Project Application (Program-Year Three: 2010-2011)

ActOnEnergy
Business Program

Ameren Illinois provides incentives to reduce the purchase price of premium, reliable, energy-efficient products. The Ameren Illinois cash incentives lower your purchase costs, but the real savings come as this premium equipment reduces your energy costs in the future. When you purchase efficient products, you lower your electric bill, provide a quality environment for your staff and customers, and help avoid costly, new electric generation.

It is estimated that approximately 60% of an energy bill for a grocery store is attributed to refrigeration needs, which highlights the importance of using energy-efficient refrigeration equipment. This application includes incentives for new energy-efficient measures that are tailored specifically for the grocery/convenience store markets, such as lighting for refrigerated cases, and tune-ups on refrigerators and freezers.

The cash incentives under this Ameren Illinois program are offered on a first-come, first-served basis and are subject to project and customer eligibility, and the availability of funds. Customers are advised to read the Terms and Conditions on page 14 and ask questions regarding eligibility before purchasing and installing any equipment.

By following steps 1-5 listed below, you can determine if your project and facility are eligible, and also to learn what you need to do at each phase of your project.

5 Easy Steps to receive your Ameren Illinois incentive:

1. Is your facility eligible?

- Equipment must be new and installed at a non-residential business or commercial/industrial building – including Not-for-Profit organizations.
- Public buildings such as units of local government, municipalities, public school districts, and community colleges are not eligible under this program but should contact the Illinois Department of Commerce and Economic Opportunity (DCEO) (illinoisenergy.org) to apply through their program.
- You may apply for up to \$600,000 of incentive money per program year, per facility (see the Terms and Conditions).
- Building tenants are eligible for incentive money, as long as the building owner signs the Landlord Consent form.
- Facilities located in Ameren Missouri territory are eligible under the Energy Efficiency Program Ameren.com/BIZEfficiency/.
- Applicants for **electric** incentives must be a non-residential electric customer of Ameren Illinois (electric delivery service rates DS-2, DS-3, or DS-4) with a 10-digit account number and a Rider EDR surcharge on their Ameren Illinois bill.
- Customers who purchase their electricity from an Alternate Retail Electric Supplier (ARES) are eligible to participate in the program as long as Ameren Illinois distributes the energy.

2. Is your project eligible?

- Incentives are intended to support projects that are energy-efficient designs or install new premium-efficiency, high-performance equipment.
- Check the equipment eligibility criteria (see Table 2).
- Project completion date must be on or after June 1, 2010, and before June 1, 2011
- Measures that are considered “standard practice” in the Ameren Illinois territory are not eligible for incentive money (standard practice can be defined as systems, equipment, and operational approaches based on readily available equipment that is commonly installed today).

3. Complete and sign this Application.

Approval from Ameren Illinois is REQUIRED BEFORE any commitment to project installation or purchase is made (including generating POs). Standard Program Applications requesting incentive money less than \$10,000 are the EXCEPTION to this Pre-approval requirement – those Applications may be submitted after the project is complete. By not obtaining the Ameren Illinois Pre-approval the Customer assumes the risk that the new equipment may not be eligible, which would make the Application void, and any incentive payment unavailable to the Customer. See the Terms and Conditions of this Application for details. [HVAC and Refrigeration tune-up applications do require pre-approval.](#)

- **Incomplete applications will delay review and payment.**
- Incentives are based on the new equipment being installed, not the units removed.
- Complete the Initial Application Checklist to ensure that all the required information is included in your application.
- Anyone may fill out the application, but the signature of the Ameren Illinois customer is required on page 13.

4. Submit Application for PRE-INSTALLATION APPROVAL.

- Include completed pages 2, 9-10, and 13 of the application form
- Include appendix forms required for your project
- Include summary design documents and/or manufacturer's technical specification sheets (“cut sheets”) for each type of eligible equipment purchased (see Table 4 for listing of minimum requirements)
- You will receive an e-mail confirming we received your application

Your pre-approval incentive letter is valid for 90 days.

5. Submit documentation upon project completion.

- After you have completed your project (installed and operational), return a copy of Incentive Payment Request form (page 13), and the required documents, as indicated on the Incentive Payment Request form, to Act On Energy.
- Upon receipt of completion documentation (which is due within 30 days of your project Completion Date – as specified in your pre-approval letter), Ameren Illinois staff may conduct a post-installation inspection for verification purposes.

TABLE 2. PROJECT ELIGIBILITY AND INCENTIVES
(incentives are based on the new fixtures being installed, not the fixtures removed)

Measure	Code	Eligibility Criteria for Equipment to be Replaced	Eligibility Criteria for New Equipment	Unit Incentive
Refrigeration - Closers				
Automatic Door Closer for Walk-In Freezer/Cooler (back access door) on Walk-in Cooler Door, Walk-in Freezer Door	BPR7	<ul style="list-style-type: none"> New installation or replacement of failed unit (or one which has exceeded useful life, which is defined as eight years.) To be installed on low- and medium-temperature main coolers and freezers; or low- and medium temperature reach-in coolers and freezers (-10 thru +41 degrees F) 	<ul style="list-style-type: none"> Installed on the main opaque insulated door (back access door to the cooler in measure BPR13) Must firmly close door to within one inch of full closure 	\$30 per closer
Auto Closer for display case door: Reach-in Cooler Door, or Reach-in Freezer Door	BPR13	<ul style="list-style-type: none"> New installation or replacement of failed unit (or one which has exceeded useful life, which is defined as eight years.) To be installed on low- and medium-temperature main coolers and freezers; or low- and medium temperature reach-in coolers and freezers (-10 through +41 degrees F) 	<ul style="list-style-type: none"> Installed on the glass customer access door (front glass doors to the cooler in measure BPR7) Auto-closer must be able to firmly close the door when it is within one inch of full closure. For walk-in coolers and freezers, auto-closer device should be applied to the glass reach-in door. The reach-in door must have a minimum perimeter of 16 feet. The auto-closer must be able to firmly close the door. Useful life period for auto-closers is defined as eight years. 	\$30 per closer
Refrigeration - Curtains, Doors, Anti-Sweat Heater Controls, and Gaskets				
Strip Curtain on Walk-in Coolers or Freezers	BPR1	<ul style="list-style-type: none"> Cannot be installed on displays cases Must be new installation – cannot be replacing existing strip curtains 	<ul style="list-style-type: none"> New strip curtains or clear plastic swinging doors 	\$4 per square foot of curtain
Night Curtain for Open Cooler	BPR12	<ul style="list-style-type: none"> Must be installed on an open case (vertical, or horizontal display case) without a cover. To be installed on low- and medium-temperature cases (-10 through +41 degrees F) 	<ul style="list-style-type: none"> It is recommended that these film type covers have small, perforated holes to decrease moisture buildup. The cover must be applied for a period of at least six hours (during off hours) in a 24-hour period. Include with the project application, a copy of the internal policy document regarding nightly curtain use is required. Final payment approval is subject to inspection by the Ameren Illinois staff after installation. 	\$7 lineal foot of curtain
Anti-Sweat Heater Control	BPR33	<ul style="list-style-type: none"> Must be installed on an existing door that does not have ASH control, or has an ASH control that has failed 	<ul style="list-style-type: none"> Must be installed on FREEZER case door Device must sense the relative humidity in the air outside of the display case and reduce or turn off the glass door (if applicable) and frame anti-sweat heaters at low-humidity conditions Technologies that can turn off anti-sweat heaters based on sensing condensation (on the inner glass pane) also qualify 	\$80 per door
	BPR34	<ul style="list-style-type: none"> Must be installed on an existing door that does not have ASH control, or has an ASH control that has failed 	<ul style="list-style-type: none"> Must be installed on REFRIGERATOR case door Device must sense the relative humidity in the air outside of the display case and reduce or turn off the glass door (if applicable) and frame anti-sweat heaters at low-humidity conditions Technologies that can turn off anti-sweat heaters based on sensing condensation (on the inner glass pane) also qualify 	\$80 per door

TABLE 2. PROJECT ELIGIBILITY AND INCENTIVES
(incentives are based on the new fixtures being installed, not the fixtures removed)

Measure	Code	Eligibility Criteria for Equipment to be Replaced	Eligibility Criteria for New Equipment	Unit Incentive
Refrigeration - Tune-up				
Refrigeration Tune-up	BPR11	<ul style="list-style-type: none"> Cannot have had tune-up or service agreement within the past 12 months 	<ul style="list-style-type: none"> Commercial and industrial grade (non-residential grade) self-contained and non-self contained freezers and coolers (See Table 4a for the checklist of what must be done during the tune-up.) Tune-ups may be completed by internal staff, ONLY if approval is granted by Ameren prior to submitting this application. “Service Cost” includes standard tune-up labor and parts, but does not include repair parts and labor Any business that has had a service contract in the prior 12 months are not eligible for this incentive If a new service agreement is established, only the first tune-up is eligible for this incentive 	<p>PRE-APPROVAL IS REQUIRED FOR THIS MEASURE (even if the incentive request is less than \$5,000)</p> <p>The lesser of (\$20/hp for self-contained units and \$20/ton for all other units) OR 50% of the service cost</p>

Other Energy-Efficient Upgrades

There are many other eligible energy-efficient measures that are not listed here – those measures might be eligible under the Act On Energy **Standard Incentive Programs**, the **On-line Store**, or the **Custom Program**. Custom measures include projects such as:

- New lighting technologies (light pipes, etc.)
- Exterior signage (replacing T12, neon, or incandescent, with new technologies such as: CFL, LED, HP T8 (linear fluorescent), cold cathode, etc.)
- Other exterior lighting not listed here
- Daylight harvesting
- Controls and occupancy sensors that control more than 800 W
- Upgrade parking-lot lighting (LED or linear fluorescent retrofits)
- General exterior lighting (LED or CFL retrofits)
- Controls for exterior lighting (photocell or time clock)
- Signage upgrades (including retrofit of neon signage to LED retrofits)
- Variable Frequency Drives for refrigeration systems
- Energy Management Systems (refrigeration, lighting, and/or HVAC)
- Variable Frequency Drive on HVAC Motors (Act On Energy standard HVAC program)
- HVAC (heating and/or cooling) equipment replacement or tune-ups (Act On Energy standard HVAC program)
- Replacement of motors with a NEMA premium efficient motor (Act On Energy standard Motors program)
- Addition of any new energy-efficient equipment
- New construction that includes energy-efficient equipment

Please call us to discuss the eligibility.

To be eligible, T8 lamps and ballasts MUST be listed on the CEE1.org website. Click on Commercial Lighting, then select “Qualifying Lamps” and locate your lamps and ballasts. Enter the CEE “Order Code” in Table 3 of the application for your eligible lamps, and enter the mfg. part number for your eligible ballasts (EXCEPTIONS** – all **8’ fixtures** (with lamps that are 59W or less each), and all **T5 lamps and ballasts** (assuming they meet the already specified eligibility criteria) **ARE CONSIDERED ELIGIBLE** - even though they are not listed on the CEE website. In the CEE cell of Table 3 enter “T5” or “8-foot” as is appropriate.

TABLE 4. REQUIRED SUPPLEMENTAL PROJECT DOCUMENTATION

In order to receive incentives under this program, applications must be accompanied by project documentation.

EQUIPMENT REQUIREMENTS

- A list of equipment and components to be installed, including manufacturers' catalog/model number.
- Manufacturers' specification sheets for all major components.
- For lighting measures where CEE list compliance is required for 4' T8 lamps/ballasts:
 - Provide information on the specific lamps, ballasts, and fixtures you are using on your project
 - Attach a copy of the most current CEE list and underline or circle the lamps/ballasts that you are using
- If applying for incentive BPR12 (night curtains) you must include with the project application a copy of the internal policy document regarding nightly curtain use.

SYSTEM PERFORMANCE RELATED TO STANDARD PRACTICE

- Equipment eligibility for the Standard Program is governed by Table 2.

REFRIGERATION TUNE-UP VERIFICATION

- When the job is done, a completed copy of Table 4a is required to accompany the final paperwork.
- Tune-ups may be completed by internal staff, ONLY if approval is granted by Ameren prior to submitting this application.

CONTROLS

- If you have multiple controls, and they control different wattages, includes a list of the controls and the wattages controlled for each.

Mail/Fax Application to:

Ameren Illinois, Act On Energy[®] Business Program
300 Liberty Street, Peoria, IL 61602 • Fax: 1.309.677.7950

Standard Cash Incentives – Grocery/Convenience Project Application (Program-Year Three: 2010-2011)

TABLE 4a. Contractor Certification of Refrigeration Tune-up Completion

Contractor/technician certification required upon completion of the refrigeration/freezer tune-up and due with final application – all fields must be completed.

PRE-APPROVAL IS REQUIRED FOR THIS MEASURE (even if the incentive request is less than \$5,000)

Tune-ups may be completed by internal staff, **ONLY** if approval is granted by Ameren prior to submitting this application.

Manufacturer	Model (model number)	Size
--------------	----------------------	------

COMMERCIAL REFRIGERATION TUNE-UP REQUIREMENTS:

Refrigeration service must include the following normal maintenance items (as applicable):

- | | |
|--|---|
| <input type="checkbox"/> Clean condensor coils
<input type="checkbox"/> Clean evaporator coils
<input type="checkbox"/> Clean drain pan
<input type="checkbox"/> Inspect/clean fans
<input type="checkbox"/> Inspect/repair door seals
<input type="checkbox"/> Check/replace belts and bearings
<input type="checkbox"/> Check suction pressure & temperature
<input type="checkbox"/> Adjust head pressure controls | <input type="checkbox"/> Check/adjust refrigerant level
<input type="checkbox"/> Check oil level, pressure, cleanliness
<input type="checkbox"/> Check sub-cooling & super heat
<input type="checkbox"/> Check liquid line temperature
<input type="checkbox"/> Inspect/adjust heat reclaim operation
<input type="checkbox"/> Tighten all line voltage connections
<input type="checkbox"/> Verify proper operation of defrost heaters
<input type="checkbox"/> Check defrost heater amperage draw
<input type="checkbox"/> Compressor motor amp draw
<input type="checkbox"/> Condenser fan amp draw
<input type="checkbox"/> Verify proper box/product temperature |
|--|---|

Copy of paid invoice (or work order and annual service agreement) must be included with this application.

By signing this certificate, I attest that the refrigeration/freezer listed above has been tuned in a professional manner and tuned to optimize efficiency to the fullest extent; including the requirements listed above.

Technician Name: _____	Date: _____

Standard Cash Incentives – Grocery/Convenience Project Application (Program-Year Three: 2010-2011)

INITIAL APPLICATION

To submit your incentive application complete and submit all the items in this checklist, and fill out the fields on this the INITIAL APPLICATION form

- All fields in the *Customer Information* form (Table 1)
- All fields in the *Project Calculations and Information* form (Table 3)
- Required Supplemental Project Documentation (Table 4)
- Manufacturer's cut sheets for the energy saving equipment you are installing (as required)
- Landlord Consent Form (Appendix A) if you are a tenant
- Large Incentive Request form (Appendix C) if your project has a requested incentive of \$25,000 or greater
- Payment Release Authorization form (Appendix B), if the incentive check is to be cut to someone other than the Ameren Illinois customer (optional)

Requested incentive amount (per Table 3) \$ _____ Project estimated completion date ____/____/____. Must be before June 1, 2011. Projects that require more than 90 days to complete (from the pre-approval date) will need written approval from Ameren Illinois. **Custom** and **Retro-commissioning** project applications may request more than 90 days to complete the project, as long as the job is completed by June 1, 2011.

Estimated lead time for major equipment (____ weeks)

By checking this box I indicate that I have read, understand, and agree with the attached Terms and Conditions.

Company Name (Ameren Illinois customer): _____ Contact Person (print): _____

Customer Contact Signature: _____ Date: _____

INCENTIVE PAYMENT REQUEST – FINAL PAPERWORK SUBMISSION

To request your incentive payment you must return the following to Act On Energy after you have completed your project:

IF YOU RECEIVED PRE-APPROVAL FOR YOUR PROJECT

- A copy of invoices showing the date and place of purchase and model/part numbers of the equipment installed, and costs.
- Submit a revision of your original Table 2 indicating the changes (only if the project has changed since your pre-approval).
- This completed INCENTIVE PAYMENT REQUEST form

IF YOU DID NOT RECEIVE PRE-APPROVAL FOR YOUR PROJECT

- All of the requested documents, as listed in the table of the INITIAL APPLICATION form above
- Signed copy of the INITIAL APPLICATION form (above), indicating that you agree to the Terms and Conditions
- A copy of invoices showing the date and place of purchase and model/part numbers of the equipment installed, and costs.
- This completed INCENTIVE PAYMENT REQUEST form

By signing below, I acknowledge that the upgrades at my business (as specified in the application form) have been completed and are operational.

Project number (from pre-approval letter): _____ Project completion date _____
(Completion date is defined as the date the newly installed equipment is operational.)

Customer Contact Signature: _____ Date: _____

We are always looking for ways to improve the Act On Energy business program. If you would, please complete this brief survey (to be completed by the Ameren Illinois customer (owner or business representative)). Your responses will be confidential. If you are a Program Ally and have suggestions, we welcome them as well – please send us an e-mail or give us a call.

<p>1. Did you use a contractor/program ally to assist you with your upgrade? Yes No Don't know If YES, were they helpful with regard to the Act On Energy program (told you about the incentive money available, helped you fill out the application form, answered questions about the program, etc.)? 1 2 3 4 5 6 7 8 9 0 Not helpful at all somewhat helpful very helpful don't know</p>	<p>2. Do you have future energy efficiency projects in mind for your business? Yes I haven't thought about it. No I think I've done everything that can be done at this point. If yes, what area(s) are you considering? Lighting HVAC refrigeration motors other: _____</p>
<p>3. Did you interact with any of the Act On Energy program staff? Yes No Don't know If YES, were they helpful (answered your questions, told you about other incentive opportunities other than your current project, responded to technical questions in a way that you understood, etc.)? 1 2 3 4 5 6 7 8 9 0 Not helpful at all somewhat helpful very helpful don't know</p>	<p>4. Would you recommend the Act On Energy incentive program to others? Yes No Maybe</p> <p>5. May we contact you to discuss your responses to these questions? Yes No</p>
<p>6. In addition to being energy efficient, your upgrades may also affect things like productivity, safety, atmosphere, employee and customer comfort. Are you satisfied with the overall results of your project? 1 2 3 4 5 6 7 8 9 0 Not satisfied somewhat satisfied very satisfied don't know Please list any added benefits (in addition to energy efficiency) that this upgrade has provided for your business. _____ _____</p>	<p>We welcome any specific comments/suggestions you might have about the program. All comments and suggestions WILL be considered. Please include comments and suggestions here, or feel free to call the toll-free number to pass along this information (1.866.800.0747). _____ _____</p>

Standard Cash Incentives – Grocery/Convenience Project Application (Program-Year Three: 2010-2011)

TERMS AND CONDITIONS

1. DEFINITIONS: In addition to terms defined elsewhere herein, when any one of the following terms is used in these Terms and Conditions, wherein the first letter is written with a capital letter, then that term shall have the following definition. Words importing persons include corporation, and words importing only the singular include the plural and vice versa when the context requires.

a) "Ameren Illinois" shall mean the utility Ameren Illinois, the party offering cash incentives toward the purchase and installation of Qualified EEMs through said company's Act on Energy program.

b) "Application" shall mean an Application for cash incentives under any for the following programs: Lighting, Motors, HVAC, Refrigeration, Grocery/Convenience, Lodging, Commercial Kitchen, Agriculture, Compressed Air or Healthcare Retro-commissioning, or Custom.

c) "Competitive Large Project Incentive" shall mean incentives applied for by submitting the Competitive Large Project Incentive Application. Those applications will go through a competitive bidding process to determine which projects will be awarded incentives.

d) "Customer" shall mean an Eligible Customer who has submitted an Application for incentive money using their account number. The Customer shall become a party to the Agreement upon acceptance of Customer's Application by Ameren Illinois.

e) "Custom Programs" shall mean those projects (including new construction projects) associated with incentives not listed in the Standard Programs.

f) "EEM" shall mean energy efficiency measures.

g) "Eligible Customers" shall mean non-residential electric and/or gas Customers of Ameren Illinois. Each program has different eligibility requirements for Delivery Service rates (DS# for electric, GDS# for gas) to be eligible for that program. Refer to the specific program Application to determine if your business is eligible for that program. Customer organizations that are supported by federal, state or local tax funds are not Eligible Customers, but may qualify under programs operated by the Illinois Department of Commerce and Economic Opportunity (DCEO). The Ameren Illinois incentive payments are awarded only to Eligible Customers for equipment that is owned by them and installed in the Ameren Illinois service area at the location that corresponds with the Ameren Illinois account number listed in the Application. All Eligible Customers are ultimately responsible for compliance with these Terms and Conditions.

h) "Pre-approval" shall mean written notification to Customer of a maximum pre-approved incentive amount through a Pre-approval Letter, which Ameren Illinois issues after review of the Customer's Application.

i) "Qualifying Energy Efficiency Measures (EEMs)" shall mean either (i) Standard gas or electric EEMs (measures found on any of the Standard Programs Applications: *Lighting, Motors, HVAC, Refrigeration, Lodging, Agriculture, Grocery, and Commercial Kitchens*); or (ii) measures eligible under the Custom Program (*including new construction*) approved by Ameren Illinois; or (iii) measures found in the *retro-commissioning program*, as identified in official program materials found on the Act on Energy website. Technologies that purport to save energy through reduction of voltage, demand, or power conditioning are not Qualifying EEMs. EEMs that displace electrical energy use or natural gas to another fuel (i.e., fuel switching proposals) are not Qualifying EEMs. Other than geothermal projects, renewable energy projects (solar, wind power, etc.) are also not eligible for incentives under this program. Unless explicitly pre-approved, EEMs must be new and covered by warranties. The HVAC and refrigeration tune-up program eligibility requirements are specified in their respective Applications. Natural Gas (gas) incentives do not include propane or butane measures.

j) "Standard Programs" shall mean those projects associated with Standard gas or electric EEMs. Standard Programs include the following Applications: *Lighting, Motors, HVAC, Refrigeration, Grocery/Convenience, Lodging, Commercial Kitchen, and/or Agriculture*. See the Act on Energy website for Applications for these programs (ActOnEnergy.com).

2. ELIGIBILITY: These terms and conditions shall apply to applications made through the Ameren Illinois Act On Energy program for all pre-approved Applications and approved Incentive Payment Requests by Eligible Customers toward the purchase and installation of Qualifying EEMs Energy-efficient equipment or services purchased, contracted for, or work performed prior to receiving Pre-approval by Ameren Illinois as set forth herein are not

eligible for incentive payments under the Ameren Illinois program. Standard Program Applications requesting incentive money less than \$10,000 are the EXCEPTION to this Pre-approval requirement – those Applications may be submitted after the project is complete. By not obtaining Ameren Illinois Pre-approval the Customer assumes the risk that the new equipment may not be eligible, which would make the Application void, and any incentive payment unavailable to the Customer.

3. THE AGREEMENT: The agreement between the Customer and Ameren Illinois ("Agreement") is composed of following documents

- Customer's signed Application, which has been approved by Ameren Illinois, and/or a signed Incentive Payment Request
- these Terms and Conditions,
- any and Pre-Approval Letters from Ameren Illinois (See Section 6), if any.

The Agreement shall become effective on the date Ameren Illinois approves the Customer's Application.

4. OWNERSHIP OF CAPACITY AND/OR ENVIRONMENTAL CREDITS:

a) EEMs purchased and installed in part through incentives provided by this program are the property of the Customer, subject to any limitations contained within these Terms and Conditions.

b) Notwithstanding the above, unless otherwise requested in writing by the Customer prior to installation of the EEMs, Ameren Illinois holds sole rights to any system capacity credits and environmental credits that may be associated with EEMs for which incentives from Ameren Illinois were received, and Ameren Illinois can dispose of these credits in any manner authorized by law or regulation.

c) In no event shall activity associated with any energy or environmental credits noted in Section 4(b) result in interference with the Customer's sole discretion to operate EEMs as approved in his/her incentive award.

5. PRE-INSTALLATION ANALYSIS, APPROVAL AND SURVEY:

a) For all Applications, Ameren Illinois is not obligated to award any incentive payment unless Pre-approval is granted. A pre-installation survey of the Customer's facilities may also be required, unless this provision is waived by Ameren Illinois. The foregoing requirement does not apply to Customers submitting an Application for incentive payment of up to \$10,000 on any of the Standard Program Applications. Further, "series" Applications will not be accepted for projects that have been broken into a series of smaller projects (multiple incentive Applications of less than \$10,000 for the same project) when the projects were completed at approximately the same time.

b) In addition to completing an Application and all required worksheets, the Customer is encouraged to provide any analyses of the energy and demand reduction potential of the proposed EEMs that have been conducted, as supporting documentation to their Application.

c) Applications for incentives under the Retro-commissioning Programs will be required to provide analysis prepared by an Act On Energy approved RSP (see ActOnEnergy.com for a listing of approved RSPs).

d) Ameren Illinois reserves the right to review independently the Customer's Application and supporting analysis to verify the energy savings, demand reduction potential, and the project equipment and installation cost estimates. Ameren Illinois also reserves the right to reject or modify any Customer estimates or calculations, based on its analysis.

e) Ameren Illinois shall have complete discretion to approve or disapprove of any proposed EEMs. Further, Ameren Illinois will only approve Applications for EEMs that Ameren Illinois believes have reliable and cost-effective energy-savings potential in the proposed use and site.

6. PRE-APPROVAL LETTER: Ameren Illinois will not pay incentives for any EEMs ordered or PO generated prior to the date of the Pre-approval Letter, UNLESS, as stated in Section 5a) above, the requested incentive is less than \$10,000 on any Standard Program Application. Pre-approval reserves incentive funds for a period of 90 days from the date of the Pre-approval Letter. After 90 days Ameren Illinois may revoke the Pre-approval Letter and associated incentive funds, if in sole judgment of Ameren Illinois, satisfactory project progress has not been made.

7. POST-INSTALLATION VERIFICATION: Ameren Illinois is not obligated to make any incentive payment until it has performed a satisfactory post-installation verification. This provision may be

waived at the sole discretion of Ameren Illinois. If Ameren Illinois determines that any EEMs were not installed in a manner consistent with the approved Application, or if unapproved EEMs were installed, or if the installation was not consistent with generally accepted engineering practices, it may require Customer to make changes to remedy the discrepancies and Ameren Illinois shall not be obligated to make any incentive payment until Customer comes into compliance. Further, Ameren Illinois shall not be obligated to make any incentive payments until it verifies that the Customer has received, as appropriate, final drawings, operation and maintenance manuals, and operator training. If Qualifying EEMs cannot be located or are not installed in a manner consistent with the provisions of these Terms and Conditions, Ameren Illinois shall be entitled to money damages equal to the total amount of incentive payments made plus interest. Ameren Illinois may seek recovery of such damages in any court and shall receive payment for reasonable attorney's fees. For the retro-commissioning programs the RSP will conduct a verification survey and submit the appropriate verification forms to Ameren Illinois for review and approval as part of the post-installation verification process.

8. INDEPENDENT TESTING: Ameren Illinois reserves the right to deny Applications for projects using any EEMs or equipment that have not been favorably assessed or approved by recognized, independent public authorities, such as (but not limited to) the Underwriter's Laboratory (UL), Intertek ETL, or American Refrigeration Institute (ARI). Further, Ameren Illinois may, at its sole discretion, require the Customer to undertake, at Customer's expense, testing of a proposed EEM that does not carry the Listing Mark by UL, or an equivalent, at an independent testing facility approved in advance by Ameren Illinois, as a condition of approval of the Customer's Application by Ameren Illinois.

9. INCENTIVE PAYMENT AMOUNTS:

a) Customers may receive up to \$600,000 of gas and/or electric incentive money per program year for a facility. Incentive requests up to \$200,000 will be paid at 100%. Incentive requests from \$200,000 to \$600,000 will be paid at 50% except Competitive Large Project Incentives. The cumulative incentive requests within a program year will be used to determine the percentage of the incentive that will be paid. For the Custom Program Incentives, the individual EEM incentive payments will not exceed 50% nor be less than 10% of the incremental EEM cost. For new construction, incremental cost is the additional cost (labor and materials) to install higher energy efficiency equipment or design above a baseline that considers typical practice for existing buildings and code requirements. As used in this section, the term facility shall be defined as a contiguous structure or device for which a single Customer is responsible for paying an Ameren Illinois electric and/or gas bill.

b) Customers applying for the Competitive Large Project Incentive may apply for up to \$600,000 (up to \$500,000 for electric measures, and up to \$100,000 for gas measures) of incentive money (up to a max of 50% of project costs) with a project payback period limit of a maximum of seven years. To be eligible for the 15% early completion cash award the project must be completed and all project completion paperwork must be submitted by May 31, 2012. The 15% early completion cash award is based on the final approved incentive amount.

c) For the Retro-commissioning Programs the incentives will be used to defray the cost to the Customer of a Retro-commissioning Survey for a manufacturing/industrial or healthcare facility. In order to qualify for the survey incentive, the Customer must implement EEM's that meet the minimum energy savings requirement outlined in the Pre-approval Letter and have an aggregate payback of less than one year.

d) HVAC and refrigeration tune-ups (for both gas and electric equipment) are limited to incentives that are no more than 50% of the tune-up cost (excluding any replacement part costs).

e) Ameren Illinois reserves the right to adjust and/or negotiate the incentive amount, based upon its independent assessment of appropriate savings or cost estimates.

f) Once an incentive Application is approved, Ameren Illinois will pay no more than the approved incentive amount.

g) For the Custom Program, Ameren Illinois will pay no more than the approved fraction (maximum of 50%) of the incremental cost to the Customer of purchasing the EEM, or the pre-approved incentive amount, whichever is less. Ameren Illinois may, at its sole discretion, recognize incremental installation labor costs (for the Custom Incentive Program) that are unique to the proposed EEM to the extent that they are reasonable, verifiable, and actually incurred by the Customer. Ameren Illinois shall have the right to lower the

Mail/Fax Application to:

Standard Cash Incentives – Grocery/Convenience Project Application (Program-Year Three: 2010-2011)

incentive payment amount if the quantity and/or cost of EEMs actually installed by the Customer differ from the amount for which Pre-approval was granted. If Ameren Illinois discovers that the EEMs were not actually and properly installed or were subsequently disconnected within 36 months after installation, Ameren Illinois shall be entitled to money damages equal to the total amount of incentive payments made plus interest. Ameren Illinois may seek recovery of such damages in any court and shall receive payment for reasonable attorney's fees.

h) Standard Program Applications that have not requested Pre-approval shall have an incentive payment cap of \$10,000.

10. EEM COSTS: The Customer shall provide Ameren Illinois with copies of all supplier and contractor invoices or other reasonable documentation that verify the costs of purchasing and installing the EEMs, including all materials, labor, and equipment discounts – as specified in each Application. Internal Customer labor costs are not eligible as expenses when calculating the payback period, as required for the Custom Program. Such invoices shall indicate a verifiable breakout of all EEMs purchased for installation under Customer's Application. Ameren Illinois shall have the right at any time to contact Customer's suppliers or contractors and obtain from them copies of invoices showing the actual price paid by the Customer (including any discounts or incentives) for the EEMs.

11. SCHEDULE FOR INCENTIVE PAYMENTS:

a) Ameren Illinois anticipates paying all approved incentive amounts within 60 days of project completion. The term "project completion" as used in this section shall mean (1) submission to Ameren Illinois of all final paperwork, as specified in the Application; (2) completion of the approved EEMs; and (3) Ameren Illinois acceptance of (1) and (2) above, all in accordance with the specifications and requirements contained in the Agreement.

b) Ameren Illinois reserves the right to apply incentive payments to any of the Customer's unpaid or overdue accounts.

c) Standard Program Applications not requiring Pre-approval must be completed within 90 days from the purchase date of the equipment (as shown on the applicable invoices), and the Application must be submitted within 30 days of the completion date. The term "completion date" as used in Sections 11 and 12 shall mean the date when the EEM is installed and operational. Incentive payments will be awarded based on the invoice date of the purchased equipment if there is a change in incentives between the invoice date and the date the final paperwork is submitted. Non-pre-approved Application may still be eligible for incentive payments if it is received in the next program year (i.e., received in June for work completed in May) if it is received within 30 calendar days of the completion date.

12. MONITORING AND EVALUATION FOLLOW-UP VISITS:

Ameren Illinois reserves the right to make follow-up visits to a Customer's facility during the 36 months following the completion date of the project at a time convenient to the Customer, and with at least one-week advance notice. The purpose of the visit(s) is to review the operation of the EEMs for program evaluation purposes, including monitoring their energy performance. The scope of review is limited to determining whether program conditions have been met. The Customer must allow access to the EEMs and related project documentation.

13. CHANGES IN/CANCELLATION OF THE PROGRAM:

a) Ameren Illinois may change the program requirements, incentives, or these Terms & Conditions at any time without notice, including suspending acceptance of Applications, denial of Applications already received, or terminating the program.

b) In the event of program change, Applications, which have been granted Pre-approval will be processed to completion under the Terms & Conditions in effect at the time of Pre-approval by Ameren Illinois.

c) Submission of a completed Application does not entitle the Customer to program participation.

d) Cash incentives under the Ameren Illinois programs are offered on a first-come, first-served basis and are subject to project and Customer eligibility, and the availability of funds.

14. PUBLICITY OF CUSTOMER PARTICIPATION: Ameren Illinois may wish to publicize information relating to the Customer's participation in the program, including such data as: projected project energy savings, the incentive amount, and other information that does not compromise reasonable Customer expectations of confidentiality of proprietary or competitive information. In such

instances, Ameren Illinois will obtain Customer permission to make such information public.

15. INSTALLATION SCHEDULE REQUIREMENTS:

a) Incentive funds for Standard Program Applications that are granted Pre-approval are reserved for 90 days (from the date specified in the Pre-approval Letter), and projects must be completed by the following May 31. Failure to meet the May 31 deadline may result in denial of incentive funds for that project.

b) If the Customer has (1) not engaged in installation of the project, which was granted Pre-approval, and has (2) not applied to Ameren Illinois for a project extension within 90 days from the date of Ameren Illinois Pre-approval of the project, Ameren Illinois may cancel the Customer's Application without cost or liability.

16. LIMITATION OF LIABILITY AND INDEMNIFICATION:

a) THE AMEREN ILLINOIS TOTAL LIABILITY TO CUSTOMER UNDER THESE TERMS AND CONDITIONS, OR ANY OTHER REQUIREMENT OF CUSTOMER'S APPLICATION OR CONDITION OF INCENTIVE AWARD SHALL BE LIMITED TO PAYING THE INCENTIVE PAYMENTS SPECIFIED IN THE APPLICATION OR PRE-APPROVAL LETTERS. AMEREN ILLINOIS, ITS PARENT, AFFILIATES AND SUBSIDIARIES, AND THEIR DIRECTORS, OFFICERS, EMPLOYEES, OR AGENTS SHALL NOT BE LIABLE TO THE CUSTOMER OR FOR ANY DAMAGES IN TORT (INCLUDING NEGLIGENCE) CAUSED BY ANY ACTIVITIES ASSOCIATED WITH THIS APPLICATION; LOSS OF PROFITS OR REVENUE; LOSS OF USE OF CUSTOMER'S PROPERTY, EQUIPMENT OR POWER SYSTEM; INCREASED COSTS OF ANY KIND, INCLUDING BUT NOT LIMITED TO CAPITAL COST, FUEL COST AND COST OF PURCHASED OR REPLACEMENT POWER; OR ANY SPECIAL, INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES WHATSOEVER. BY PARTICIPATING IN THE AMEREN ILLINOIS PROGRAM, CUSTOMER AGREES TO WAIVE ANY CLAIMS AND FULLY RELEASES AMEREN ILLINOIS FROM ANY DAMAGES, OF ANY KIND.

b) THE CUSTOMER SHALL DEFEND, PROTECT, INDEMNIFY, AND HOLD HARMLESS AMEREN ILLINOIS, ITS PARENT, AFFILIATE AND SUBSIDIARIES, AND THEIR REPRESENTATIVE DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS FROM AND AGAINST ALL LIABILITIES, LOSSES, CLAIMS, DAMAGES, JUDGMENTS, PENALTIES, COSTS AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEY'S FEES AND EXPENSES) WITH RESPECT TO ALL DEMANDS, CLAIMS, SUITS, CAUSES OF ACTION, AND/OR JUDGMENTS FOR INJURIES, INCLUDING DEATH, TO ANY PERSON, OF THIRD PARTIES, AND FOR PROPERTY DAMAGE INCURRED BY OR ASSESSED AGAINST AMEREN ILLINOIS ARISING OUT OF OR RELATING TO CUSTOMER'S APPLICATION.

c) Customer assumes all responsibility for meeting applicable codes and standards including, but not limited to; IES lighting levels, NEC standards, and fulfilling requirements for equipment used in wet/damp locations.

17. NO WARRANTIES:

a) AMEREN ILLINOIS AND ITS PARENT, AFFILIATES, EMPLOYEES, AND AGENTS DO NOT MAKE ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND REGARDING THE RESULTS TO BE ACHIEVED BY THE EEMS OR THE ADEQUACY OR SAFETY OF SUCH MEASURES. AMEREN ILLINOIS AND ITS PARENT, AFFILIATES, EMPLOYEES, AND AGENTS DO NOT ENDORSE, GUARANTEE, OR WARRANT ANY PARTICULAR MANUFACTURER, CONTRACTOR OR PRODUCT, AND IT PROVIDES NO WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR ANY PRODUCT OR SERVICES. b) AMEREN ILLINOIS IS NOT LIABLE OR RESPONSIBLE FOR ANY ACT OR OMISSION OF ANY THIRD PARTY CONTRACTOR, MANUFACTURER, SUPPLIER, OR VENDOR (IF ANY). THE CUSTOMER'S RELIANCE ON WARRANTIES IS LIMITED TO ANY WARRANTIES THAT MAY BE PROVIDED BY CONTRACTORS, MANUFACTURES, SUPPLIERS, OR VENDORS.

c) NEITHER AMEREN ILLINOIS NOR ITS PARENT, AFFILIATES, EMPLOYEES, OR AGENTS ARE RESPONSIBLE FOR ASSURING THAT THE DESIGN, ENGINEERING, AND CONSTRUCTION OF CUSTOMER'S FACILITY OR INSTALLATION OF THE EEMS IS PROPER OR COMPLIES WITH ANY PARTICULAR LAWS, REGULATIONS, CODES, OR INDUSTRY STANDARDS.

18. CUSTOMER SHALL PAY ALL TAXES: Incentive payments received by the Customer under this Agreement may be taxable by the federal, state, and local government. The Customer is responsible for declaring and paying all such taxes.

19. CONTRACTOR/VENDOR SELECTION: The Customer may select any contractor/vendor to perform the work contemplated. Completion of the Retro-commissioning Survey is limited to a list of pre-approved Retro-commissioning Service providers, unless written permission is granted by Ameren Illinois to use outside services, prior to obtaining Pre-approval. However, Ameren Illinois reserves the right to prohibit specific contractors/vendors from program participation, in its sole discretion. In the situation where multiple contractors/vendors are bidding on the same job, only one Application will be reviewed. In addition, if there is a change in contractor/vendor after approval has been granted, then an updated Application must be submitted to reflect possible changes in the incentive level, change in completion date, and to allow Ameren Illinois to verify equipment eligibility.

20. REMOVAL OF EQUIPMENT: The Customer agrees, as a condition of participation in the program, to remove and dispose of any equipment being replaced by the EEMs in accordance with all applicable laws, rules, and regulations. The Customer further agrees not to reinstall any of replaced equipment anywhere in Illinois, or transfer it to any other party for installation in Illinois.

21. MISCELLANEOUS:

a) Paragraph headings are for the convenience of the parties only and are not to be construed as part of these Terms and Conditions.

b) The Customer acknowledges that the only authorized representatives to bind Ameren Illinois under this program are Ameren Illinois employees and authorized agents of Ameren Illinois.

c) Except as expressly provided herein, if either Ameren Illinois or the Customer desires to modify these Terms and Conditions, the modification must be in writing and signed by an authorized representative of the party against which enforcement of the modification is sought.

d) If any provision of the Terms and Conditions is deemed invalid by any court or administrative body having jurisdiction, such ruling shall not invalidate any other provision, and the remaining Terms and Conditions shall remain in full force and effect in accordance with their terms.

e) If a dispute arises out of, or relates to Customer's Application or the Agreement, or the breach thereof, and if the dispute cannot be settled through good faith negotiation between the parties within fourteen days of receipt of written notice of the dispute, then all disputes, claims, questions, or differences shall be finally settled by arbitration administered by the American Arbitration Association in accordance with the provisions of its Commercial Arbitration Rules. In all other cases, the arbitral tribunal shall be composed of one arbitrator. The seat of arbitration shall be St. Louis, Missouri. The arbitrator may not rule ex aequo et bono or as amiable compositeur. Any award shall be in writing, and shall specify the factual or legal basis for the award. In no event, shall the arbitral panel award damages in violation of Article 16 (above) or alter, amend or modify the terms and conditions of this Contract. The decision by the arbitrator shall be final and binding upon the parties, their successors, and assigns and the parties shall comply with such decision in good faith without delay. The parties also agree that a duly certified copy of the arbitral award shall be conclusive evidence thereof. Judgment upon the award may be entered in any court having jurisdiction. Resolution of disputes concerning these Terms and Conditions, or any other requirement of this Application or condition of incentive award, resolution will be governed in all respects by the laws, statutes, and regulations of the State of Illinois.

f) AMEREN ILLINOIS AND CUSTOMER HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY RIGHT EITHER SUCH PARTY MAY HAVE TO A TRIAL BY JURY OR TO INITIATE OR BECOME A PARTY TO ANY CLASS ACTION CLAIMS IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS APPLICATION OR THE TRANSACTIONS CONTEMPLATED BY THIS APPLICATION.

g) Customer shall not assign any rights it may have under this Application or agreement without the prior written consent of Ameren Illinois, except for the optional assignment of cash incentives as provided for in the Application. Any assignment in violation hereof shall be deemed null and void.

Standard Cash Incentives – Grocery/Convenience Project Application (Program-Year Three: 2010-2011)

APPENDIX C – LARGE INCENTIVE REQUEST FORM (Standard Program)

Required for all incentive requests greater than \$25,000

Act On Energy works with eligible Ameren Illinois business customers to install cost-effective energy-efficiency projects. The program intent is to subsidize the up-front costs of energy-efficiency projects that would not have been completed without the Ameren Illinois assistance.

Please take a moment to document how the requested financial incentive from Act On Energy is critical to the success of your project. Completion of this form does not guarantee the award of an incentive. Mail or fax along with the incentive application to the address on the bottom of the page.

Project Description

Brief Description of Project:
Requested Incentive (\$): [Bottom Row of Table 3]

Financial Incentive Impact Questionnaire:

Act On Energy understands that energy savings is just one of many potential benefits of a project. Please rate the following benefits as they pertain to the project described above.

(0 = not an expected benefit of this project, 5 = major benefit of this project)

- | | |
|---|-------------|
| 1. Energy Cost Savings | 0 1 2 3 4 5 |
| 2. Maintenance-related savings | 0 1 2 3 4 5 |
| 3. Production capacity or product quality improvement | 0 1 2 3 4 5 |
| 4. Satisfies a regulatory or code requirement | 0 1 2 3 4 5 |
| 5. Other _____ | 0 1 2 3 4 5 |

The intent of the Act On Energy financial incentive program is to subsidize the up-front costs of energy efficiency projects that would not have been completed without the Ameren Illinois assistance. **Please complete the following statement**, and sign below:

The project described above would not be completed without the requested Act On Energy incentive money because:
